Additionally, Players may buy-in to as many Day 1 events as possible with additional \$100+15+\$10 buy-in per Day 1 as space permits, but can play a maximum of once per day.

Players will start each Day 1 with 20,000 chips.

Registration each day will be open and allowed through the end of Level 3.

Blind Levels will be 30 Minutes Each - Level and times subject to change at the discretion of the TD.

Each Day 1 event will play down to the top 10% of the total player pool for that day. If 400 start and another 40 buy-in prior to the close of registration, then play will stop at 44 and those players will all advance to Day 2 (Main Day).

Players will start Day 2 (Main Day) with the highest chip value from all Day 1 events in which they participated. If you play in all 3 Day 1 events and make it to the top 10% you will take your largest Day 1 ending chip stack value with you into Day 2. Day 2 Starting Blind Level: Regardless of what blind level you may have reached across your multiple Day 1 events, Day 2 will start at the LOWEST blind level reached by the three Day 1 events.

Given the top 10% from each start day advance, and the top 10% in the WPT League Championship cash.....EVERYONE that makes it to Day 2 will be "in the money". Every player will earn their portion of the prize pool, based on finish position, PLUS the \$200 from each Day 1 event they successfully finished.
